Career Objective

Motivated B. Tech CSE student with hands-on experience in Java, Android development, Basic Machine Learning and full-stack web technologies (React.js, Node.js, MongoDB, PostgreSQL). Proven ability to build real-world solutions through internship experience and competitive hackathons. Committed to solving practical problems through clean code and strong software engineering principles.

Education

B. Tech – Computer Science & Engineering	Pursuing – 3rd Year
Shri Guru Gobind Singh Ji Institute of Engineering and Technology, Nanded	
Diploma in Computer Engineering	92.91%
Government Polytechnic, Arvi	
Secondary School Certificate (10th Grade)	92.40%
Gurukul Public School, Karanja (Ghadge)	

Technical Skills

Languages: Java, Python, C

Web Technologies: HTML5, CSS3, JavaScript, React.js, Node.js, Express.js

Databases: PostgreSQL, MongoDB

Mobile: Android (Java) – UI Design, Activity Lifecycle, Event Handling, AI Integration

DevOps & Tools: Docker, Git, GitHub, VS Code, Android Studio, Power BI

Core Concepts: OOP, Data Structures & Algorithms, Basic Machine Learning, MS-Excel

Professional Experience

Machine Learning Intern – Flyrank AI	July 2026 – Aug 2026
- Gained end-to-end experience in the ML lifecycle—from data cleaning and feature engineering to model training, evaluation, and deployment. - Strengthened proficiency in Python, scikit-learn, and TensorFlow while learning to translate business problems into scalable ML solutions	
Android Development Trainee – Mountreach Solutions Pvt. Ltd.	Jun 2024 – Jul 2024
- Developed Android apps in Java with UI design, activity lifecycle management, debugging and testing. - Gained industry exposure to Android Studio workflows and collaborative version control practices.	
Computer Instructor – Sai Ambrosia Computer Education	Apr 2022 – Aug 2022
- Delivered training in MS Office, internet fundamentals, and computer basics to batches of students. - Improved student digital literacy and practical computing skills through hands-on classroom sessions.	

Projects

- Job Ready – Android Job Portal with AI** ([GitHub](#))
Android job portal with AI-powered resume matching and job recommendations using Java and basic ML.
- SoulPages – Website for Book Reader** ([Live](#))
SoulPages helps readers organize their personal book collection and track reading progress in one place. It also allows users to save and revisit meaningful quotes from the books they read.
- Personal Developer Blog** ([GitHub](#) | [Live](#))
Responsive multi-page developer blog featuring dynamic posts, search and filtering, dark/light mode, and Mailchimp newsletter integration, built with modern web technologies.
- Personal Developer Portfolio** ([GitHub](#) | [Live](#))
Designed and developed a responsive personal portfolio website to showcase technical projects, document professional growth, and establish a strong personal brand online.

Certifications

Android Development Internship Certificate – Mountreach Solutions (2024)

FlyRank AI Internship Certificate – FlyRank AI(2026)
